

2021 Impact Report

Our mission: Support a global collaborative network to end and prevent human trafficking – and build the solutions needed to increase the impact of all.

From Our Founders

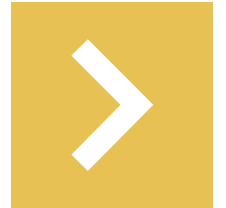

As the whole world seemed to halt at times this past year, our efforts at the AFRJ only accelerated. Individuals, organizations, and communities in need increased every day. Our dedicated team of staff, volunteers, interns, and partners responded with excellence, perseverance, and innovation. We're so pleased to provide this report highlighting a few of the exciting ways we've engaged with a world of people to catalyze a world of impact in 2021.

And we're so grateful to all those who continue to help make this work possible - and that includes you!

Ashleigh Chapman, CEO & Alana Flora, COO

Global Network

“

We have been so blessed by the heart of collaboration that AFRJ exemplifies. They have made introductions, encouraged us, and communicated about what we are doing. They are innovative in their ideas for how to better connect the freedom movement globally and are uniquely positioned to help give the broader picture.
